NATIONAL HEALTH CLAIMS EXCHANGE (NHCX)

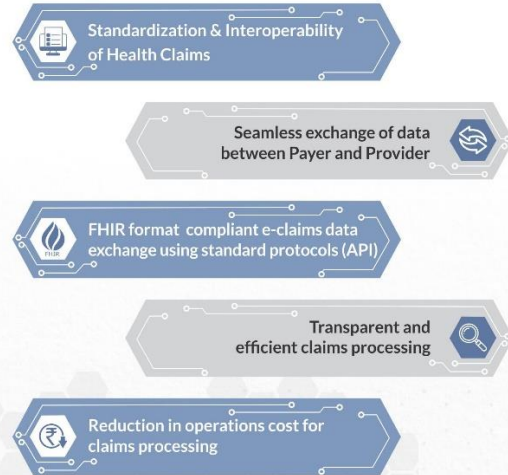

A Digital Public Infrastructure created by the Ministry of Health and Family Welfare, Government of India, to enable standardized and faster claims processing for better patient experience with reduced operations cost.

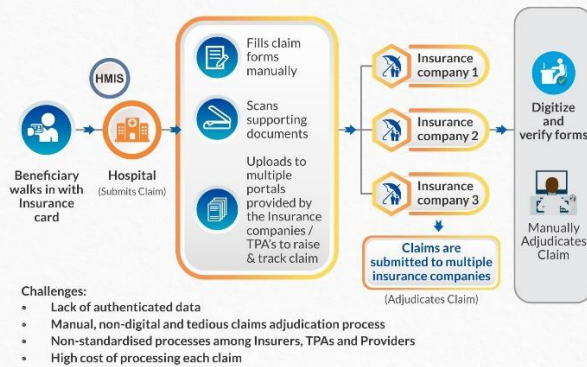

About NHCX

National Health Claims Exchange (NHCX) is one of three digital gateways (others being, Unified Health Interface and Health Information Exchange - Consent Manager) built under Ayushman Bharat Digital Mission (ABDM) as part of the National Health Stack.

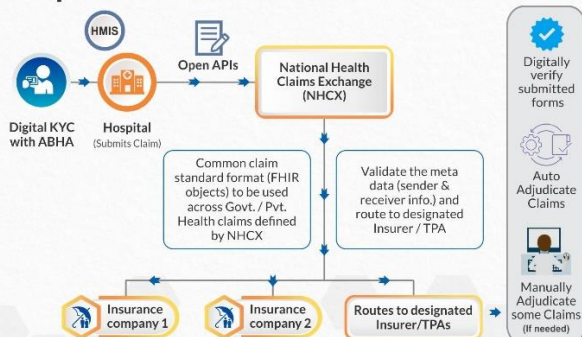

Objectives

Current Health Claims Settlement Process

Simplified Health Claims Settlement Process

Intended Benefits for Stakeholders

The introduction of NHCX will lead to multiple benefits for the stakeholders.
